

## Amy Block

Amy Block has been chosen as the Westview Employee of the Quarter for the spring of 2011. Amy started as a coach at Westview in October 2008 at Hy-Lond Home in Garden Grove, where she was greatly appreciated for her contagious happy personality, dedication to the

service of her clients, and many talents. Being a violinist, it was natural for Amy to incorporate music into the client activities, so she implemented the Synchronized Bell Ringing class, which met with great success. She even organized a Bell Ringing class made up of clients from different programs to participate in the opening ceremonies of the 2010 Sports Fest.

Because of the need to have an extra coach regularly available to fill in at our Orange County programs, Amy joined the team of Westview's Orange County Operations in May 2010 as a floating coach. Amy is available for whatever program needs her, so her daily routine is naturally very diverse. One day she will be working with clients needing assistance in all their activities of daily living and the next day she will be transporting and leading other clients in their scheduled activity of a community-based program. And this suits Amy just fine because she just loves to serve in whatever way she is needed. She has the kind of positive

attitude that every program manager loves to see in their staff. This is why she is admired and respected by our managers, coaches, and clients.

Westview salutes Amy for her dedication to our clients and her willingness to do whatever is necessary to make their lives better.
